Dealer24x7 — Vehicle Spec Sheet

2014 Mitsubishi Lancer Evolution GSR

Price: $37,300
Mileage: 75,084 mi
VIN: JA32W8FV4EU022154
Stock #: 022154
Condition: Used
Transmission: Manual
Exterior colour: Wicked White
Interior colour: Black
Body type: Sedan
Fuel economy: — city / — highway MPG
Dealer: Topline Auto Group, Kent, WA 98032
Dealer phone: 425-800-0101

Dealer notes

2014 MITSUBISHI LANCER EVOLUTION X GSR | 5-SPEED MANUAL | UPGRADED TURBO | GReddy EXHAUST | FEAL COILOVERS | $20K INVESTED Topline Auto Group is proud to present this extensively modified 2014 Mitsubishi Lancer Evolution X GSR, finished in White over a Black Recaro interior. Representing one of the most celebrated generations of Japanese performance engineering, the Evolution X combines rally-inspired technology, turbocharged performance, and exceptional all-wheel-drive capability in an unmistakably aggressive sports sedan. Under the hood sits Mitsubishi's legendary 2.0-liter 4B11T MIVEC turbocharged four-cylinder engine, originally producing 291 factory horsepower and 300 lb-ft of torque, paired with the highly desirable 5-speed manual transmission and Mitsubishi's sophisticated Super All-Wheel Control (S-AWC) system. This particular example features approximately $20,000 invested in performance upgrades, turbocharger enhancements, suspension, wheels, interior instrumentation, and exterior modifications, creating a distinctive enthusiast-focused build. At the heart of its upgraded performance configuration is an aftermarket turbocharger, complemented by a K&N performance intake, TiAL blow-off valve, MAP heat shields, upgraded Fuelab fuel pressure components, Radium oil catch cans, and a Russell ethanol kit. An ETS front-mount intercooler supports the upgraded forced-induction system, while a GReddy full performance exhaust system enhances the turbocharged engine's aggressive soundtrack. The suspension has been upgraded with FEAL coilovers, offering a performance-oriented foundation for improved chassis control and adjustable ride height. A set of 18-inch RAYS Gram Lights wheels complements the suspension setup, giving the Evolution X a purposeful stance and distinctive motorsport-inspired appearance. The exterior features a fiberglass trunk lid with an integrated duckbill spoiler, emphasizing the Evo's aggressive character while creating a clean and performance-focused rear profile. Inside, the Black Recaro cabin has been enhanced with an Alcantara steering wheel and custom triple-gauge A-pillar setup, featuring AEM air/fuel ratio, boost pressure, and oil pressure gauges. An additional Innovative Motorsports ethanol gauge provides monitoring for the vehicle's ethanol-related fuel system components. The interior is further complemented by a Rockford Fosgate audio system, bringing premium entertainment to the driver-focused cockpit. A ceramic coating completes the exterior finishing package, helping preserve the White paint while enhancing its gloss and appearance. With its upgraded turbocharger, extensive supporting performance components, premium suspension, lightweight performance wheels, and approximately $20,000 invested in modifications, this Mitsubishi Lancer Evolution X GSR offers an exceptional opportunity for enthusiasts seeking a comprehensively equipped Japanese performance sedan.
