Dealer notes

1971 Land Rover Series 88 4X4 SUV. This 1971 88 Series leaves little to be desired. The exterior is in immaculate shape. The paint looks as if it was re-done at some point because it is in perfect condition. It has the original style beige wheels and even still has the spare on the hood. The tires are also the original style. It comes with a tan soft top that is quick and easy to install. The seats also appear to have been reupholstered at some point because there is zero cracking, rips or tears in the seat. The truck fires right up and cruises down the road with zero issues at all. Even during the brief drive to photograph this vehicle, we got multiple thumbs up, and people were checking out the truck left and right. We have every reason to believe that this truck was restored in the past. Its in to great of shape to not have been. We also have documentation of this truck being sold for 110,000\$ Just a few years ago. Dont hesitate to call with any questions!
