Dealer notes

This White 2018 Chevrolet Silverado 3500HD is the kind of truck that shows up ready to workand looks good doing it. With a Vortec 6.0L variable valve timing V8 (E85-compatible) under the hood and 4WD engaged by a floor-mounted transfer case shifter, its built for job sites, back roads, and everything in between.Youll feel the confident, heavy-duty attitude in the way its put together: a fully-boxed frame up front, a stout suspension setup, and a GVWR rated at 10,000 lbs. A 4.10 rear axle ratio and a heavy-duty locking rear differential help it dig in when traction gets questionable, while dedicated engine oil and transmission oil coolers help keep things composed when the workday runs long.Practical touches are everywherecorner steps in the chrome rear bumper for easy bed access, cargo lamp lighting for late-night loading, trailering mirrors with spotter glass for a better view down the sides, and an integrated trailer brake controller to make towing feel more controlled. Inside, its all about durability and function with rubberized-vinyl flooring, straightforward gauges, a Driver Information Center, power windows, cruise control, and simple single-zone A/C.A CARFAX report is available, so you can check out its story before you take the wheel. At Montage Motors LLC quality is never compromised we only sell hand picked high quality used cars trucks & SUV's. For our customer's peace of mind we offer:A Free Carfax Vehicle Report available on every vehicle on our webs
