Dealer notes

Armored luxury protection. V8 capability. Legendary Lexus durability. This well-maintained 2013 Lexus LX 570 Armored combines flagship Lexus luxury, proven body-on-frame capability, and an extensive aftermarket armored protection package in one exceptionally distinctive full-size SUV. Finished in Black over a premium Tan interior, this LX 570 retains the comfort, craftsmanship, and three-row versatility expected from Lexus while incorporating substantial ballistic and security-related modifications, including 39 mm ballistic glass, armored body protection, reinforced suspension, run-flat inserts, and additional protection for critical vehicle components. Clean CARFAX with no accidents or damage. Inspected, serviced and ready to go. Powered by Lexus's proven 5.7L V8 producing 383 horsepower and 403 lb-ft of torque, this LX 570 delivers smooth, substantial power through a 6-speed automatic transmission. Full-time Four-Wheel Drive provides confident traction and capability, while the heavy-duty body-on-frame platform provides a robust foundation for the vehicle's armored conversion. The suspension has also been reinforced to accommodate the additional weight associated with the protection package. Inside, the Tan cabin maintains the premium environment expected from Lexus's flagship SUV, with three-row seating, upscale materials, power-adjustable seating, and extensive comfort appointments. Despite its specialized armored configuration, the LX 570 remains designed around passenger comfort, making it an unusual combination of substantial protection and executive-level luxury. Technology includes factory navigation, Bluetooth®, premium audio, rearview camera, voice controls, USB connectivity, steering wheel-mounted controls, multi-information display, and Lexus convenience technology designed to keep occupants connected and comfortable. Safety and security equipment extends significantly beyond the LX 570's original factory systems. The armored conversion reportedly includes CEN BR6-level protection for the roof, sides, and firewall; 39 mm curved ballistic glass; 39 mm flat rear ballistic glass; armored floor/blast protection; heavy-duty hinges and door retainers; reinforced suspension; run-flat inserts; armored battery and ECM protection; engine-bay flank protection; armored fuel tank; and a rear armored swing door incorporating viewing glass and a protected opening. Convenience features include multi-zone automatic climate control, power-adjustable front seating, driver memory settings, keyless entry with push-button start, power accessories, steering wheel-mounted controls, cruise control, spacious three-row accommodations, and premium Lexus appointments throughout. The armored protection package reportedly includes: CEN BR6 roof, side, and firewall protection 39 mm curved ballistic glass 39 mm flat rear ballistic glass Armored floor and blast protection Heavy-duty hinges and door retainers Reinforced suspension Run-flat inserts Armored battery and ECM protection Engine-bay flank protection Armored fuel tank Rear armored swing door with viewing glass and protected opening Exterior highlights include the sophisticated Black finish, exceptionally thick ballistic glazing, reinforced door construction, specialized

rear armored swing-door assembly, full-size body-on-frame architecture, premium Lexus styling, and the substantial proportions that make the LX 570 particularly well suited to an armored conversion. 383 horsepower. Specialized protection. Flagship Lexus luxury. Call (708) 972-7914 to confirm availability today. Frequently Asked Questions Q: How much horsepower does the 2013 Lexus LX 570 produce? A: The 5.7L V8 produces 383 horsepower and 403 lb-ft of torque and is paired with a 6-speed automatic transmission and full-time Four-Wheel Drive. Q: What armored equipment is installed on this Lexus LX 570? A: The vehicle's armored conversion reportedly includes CEN BR6-level protection for the roof, sides, and firewall, 39 mm ballistic glass, armored floor protection, reinforced suspension, run-flat inserts, protected battery and ECM components, engine-bay protection, an armored fuel tank, and a specialized armored rear swing door. Q: Is the ballistic protection independently certified? A: The vehicle is represented as having an aftermarket armored package with the equipment described above. Because armored vehicles can vary significantly by conversion company, specification, materials, installation, and certification, prospective buyers should independently inspect the vehicle and verify the armor specifications, protection level, certification, conversion documentation, and current condition before relying upon it for any security or ballistic-protection purpose.
