Dealer notes

2006 Kenworth W900 Tri-Axle Day Cab Truck. This truck is equipped with a pre emission (no DEF or DPF) CAT C-13 445 HP motor and 13 Speed Fuller Manual Transmission. This is a 52,000 pound GVWR. Equipped with a pusher retractable axle, lots of chrome and stainless this truck looks as good as a 2022 model in cosmetics. 8k just spent through the shop on most recent service and inspection. Previous owner also disclosed that it had a platinum inframe done in its past but we do not have documentation on hand for that. As with any vehicle we welcome all check out processes, bring a mechanic whatever you would like no secrets here. This truck has the look hands down and operates 100%. We will have fresh photos once this unit is detailed Price does not include $0 processing fee
