### Dealer notes

2010 Chevrolet 15-Passenger High-Top Handicap Bus. This unit has 7,000 actual documented miles. It seats 14 passengers plus the driver and has provisions for 2 to 3 wheelchairs, with a wheelchair lift at the rear. We are posting this unit in hopes that someone can catch an amazing deal for a fraction of the cost of a new one. It is not a diesel, but rather the very desirable 8.1L engine that lasts forever. To make this unit cosmetically proper, it could use a wrap to cover the old lettering. It would make a perfect skoolie conversion or RV/motorhome candidate, offering plenty of size and generous headroom. This unit was owned in Florida, so there are no worries about excessive rust. It features shoulder harness seatbelts, a side school-bus-style entry door, and the headliner has been removed with the ceiling foam insulated. It appears they were in the process of adding additional lighting to the unit. Additional features include a rear emergency door, side emergency windows, dual rear wheels, and it starts, runs, and operates as it should. It has also been freshly serviced and inspected. With some light cosmetic attention, a unit like this with such low mileage could fetch double the asking price. We are doing our best to give back with our shuttle buses and handicap.
