Dealer notes

Offered for sale is this 2020 Dodge Challenger R/T Scat Pack, finished in Cinnamon Stick with black contrast trim over a black leather interior featuring orange accents. A 6.4-liter, 392-cubic-inch HEMI V8 delivers 485 horsepower to the rear wheels through an eight-speed automatic transmission. This well-maintained example shows 44,891 miles on the odometer as of this writing. As an original member of the pony car class, the Challenger has a distinct and memorable silhouette. While its larger dimensions make it less suited to road-course competition with the Camaro and Mustang, the Challenger comfortably accommodates four adults and makes for a surprisingly capable road-trip car-when the driver isn't busy doing burnouts or making full-throttle runs to hear the HEMI sing. The Scat Pack pairs the 485-horsepower V8 with launch control and launch assist, line lock for standing starts, and a Uconnect system with real-time telemetry, acceleration and lap-time recording, and digital engine gauges. This example is also equipped with Michelin Pilot Sport 4S tires, Xenon headlights, and a power sunroof. Additional upgrades include a Borla S exhaust system, window tint, and a hood kit with pins. The leather seat skins have also been rewrapped with accents that match the exterior color.
