Fuel Economy & Everyday Usability The 3.6L Pentastar was Ram's fuel-efficient gasoline option for the 2015 1500. Ram highlighted the Pentastar-equipped 1500 at up to 25 MPG highway in its most efficient configuration, although actual EPA ratings vary by drivetrain and configuration. Towing & Hauling The 3.6L V6 Ram 1500 offers useful towing capability, but the exact maximum for this truck depends on its axle ratio, GVWR and factory towing equipment. For this reason, the factory build sheet should be checked before advertising a specific maximum towing or payload figure.
