This 2016 Toyota Tacoma SR5 V6 4WD Access Cab has 132,038 miles, ONE OWNER, a CLEAN & CLEAR TITLE, and NO ACCIDENTS reported. The previous owner was an older gentleman from Pennsylvania who owned the Tacoma and personally drove it from Pennsylvania to our dealership when he traded it in. The fact that he made the trip in the truck itself is another positive indication of how it was being used right up until the trade. As with any 10-year-old truck with 132K miles, buyers should expect normal cosmetic and mechanical wear associated with age and mileage. We don't want anyone expecting a brand-new Tacoma. That said, this is a very nice vehicle overall with an excellent one-owner, accident-free history. For buyers familiar with Tacomas, you already know why these trucks remain so desirable. A clean-title, one-owner, accident-free V6 4WD Tacoma is the kind of used truck that continues to have a strong following even as the mileage climbs. +P Be sure to check out our Facebook profile to see how many happy customers we've had!
