Dealer notes

2019 Chevrolet Silverado 1500 RST Z71 Lifted 4x4 This lifted 2019 Chevrolet Silverado 1500 RST Z71 4x4 is equipped with a Pro Comp suspension lift kit, 35-inch mud-terrain tires, and 20-inch Fuel black and milled wheels, giving it an aggressive stance and outstanding road presence. Additional exterior upgrades include a spray-in bedliner, LED bed lighting, side entry steps, dark-tinted windows, color-matched RST bumpers, grille, and trim, and a factory tow package with an integrated trailer brake controller. Inside, you'll find a well-equipped cabin featuring power heated leather seats, oversized fitted front and rear floor mats, traction control, and the convenience of a power tailgate, making this truck as comfortable as it is capable. The best part about this Silverado addresses what many consider the weak point on these trucks—the transmission. We have professionally installed a brand-new GM factory replacement transmission, straight from the crate, which is backed by a 3-year/100,000-mile GM transmission warranty for added peace of mind. This truck has also been freshly serviced and inspected, the air conditioning blows ice cold, and a front-end alignment has been completed. It needs nothing and is 100% ready to roll. If you're looking for a sharp, lifted Silverado with the transmission serviced as well Price does not include \$0 processing fee
