Dealer notes

1984 Chevrolet Squarebody Suburban 1-Ton Conversion 4x4 SUV. This is one seriously impressive full-size Suburban, featuring big-block V8 power, air conditioning, and a very solid overall foundation. Finished in a sharp two-tone silver and red color combination, this truck has an exceptionally nice paint finish, a straight body, and a very clean undercarriage and chassis. The gray cloth interior features a center console and offers a comfortable place for the whole family. This Suburban has been transformed with a massive 12-inch suspension lift and 40-inch tires mounted on 20-inch wheels, giving it an aggressive stance that is hard to miss. The drivetrain features a Dana 60 front axle, a properly fitted driveshaft, and a 14-bolt rear axle, both from the K30 platform. Additional upgrades include dual shocks, dual steering stabilizers, crossover steering, long-tube headers, and a custom exhaust system with cutouts, allowing you to enjoy a quieter cruising experience or open it up for a much louder, more aggressive sound. Up front, an aftermarket bumper houses a 12,000-pound winch, complemented by upgraded LED lighting and extremely dark window tint. The Suburban also retains the desirable tailgate configuration with a power-operated rear window. Combining classic Squarebody styling, big-block power, serious 4x4 hardware, and room for the whole family, this truck has the look, the sound, and the capability to make an unforgettable beach cruiser or adventure vehicle. It is a lifted, full-size Chevrolet SUV with plenty of attitude and an unmistakable presence wherever it goes. Price does not include $0 processing fee
