Dealer notes

Our 1998 Mercedes-Benz-Benz C-Class C280 Sedan shines! The drive quality of this car is unreal partially from the 2.8 Liter V6 combined with a 4 Speed Automatic transmission. The performance is just top-notch! Our C280 Rear Wheel Drive cruises so smooth and quietly, it makes driving at 75mph feel more like 55mph so if there is any downfall, it's to watch out for the speed patrols! The interior is as beautiful as you expect it to be. Open the door, and you are greeted with fine-stitched, leather seating throughout. This compliments the leather-wrapped steering wheel, shift knob, wood trim and center console perfectly. Of course, a full array of power accessories is standard, including keyless entry and power driver's seat. There is just nothing about this car that isn't impressive! Safety features are none other than the top of the line and include a multitude of airbags, 4-Wheel Disc Antilock Brake System, and an innovative emergency braking system that automatically applies maximum braking power when it senses that the driver is making a panic stop. This Car Is A Winner! Ideal Luxury, Spunky Performance, and Solid Construction. Oh Yes, it's a Mercedes-Benz-Benz! Save this Page and Call for Availability. We Know You Will Enjoy Your Test Drive Towards Ownership!
