Dealer notes

2010 John Deere Gator XUV SxS 4x4. These units were previously used on a college campus and appear to have been well maintained. They feature electronic fuel injection (EFI), high- and low-range gearing, reverse, and a locking differential. Each unit is equipped with a fully enclosed glass cab with locking doors, rearview mirrors, a windshield wiper, a beacon light, off-road lighting, a rear tow hitch assembly, a dump bed with a bedliner, a front push bar/brush guard, and a heater system with a fan. These Gators are perfect for farms, large business parks, campuses, and other properties where a versatile utility vehicle is needed. Snowplow adaptations, recovery winch systems, and many other accessories are available to further expand their capabilities. They are ideal for hauling equipment, pulling a trailer, and handling a variety of property maintenance tasks. We have two available! If you\'re looking for something with four doors and additional passenger capacity, we also have a couple of electric crew-cab trucks available from fleet purchases, including units sourced from government agencies. Give us a call to learn more about our available inventory! Price does not include $0 processing fee
