Dealer notes

1985 GMC K10/1500 Squarebody Short Bed 4x4. This lifted, tomato-orange beauty is sporting a 6-inch lift, new 35-inch Super Swamper Boggers, and 15x12 Mickey Thompson Classic II wheels. It features power-retractable steps, a retro classic-looking radio, refinished seats, door panels, and carpet. Under the hood is a very good-sounding small block with headers and a new custom exhaust, along with kick-panel speakers, a spray-in bedliner, steel cowl-induction hood, new master cylinder and brake booster, new wiper motor, high-rise intake with Holley carburetor, serpentine belt system with polished pulleys, aluminum radiator, stainless trim, replacement parking brake cables, upgraded brakes, steering stabilizer, and extremely clean, rust-free frame with braided brake hoses. This truck has definitely undergone a lot of recent mechanical and cosmetic upgrades to make it a very solid truck. We are on the fence about adding the body-side molding and possibly changing the entire wheel package to something a little more neutral, as that has become very popular recently. At this moment, however, it is at a very nicely finished point. Freshly serviced and inspected. Feel free to call with questions, requests for upgrades, or anything else you may want or need to have done. Price does not include \$0 processing fee
