Dealer notes

2008 Chevrolet Corvette Z06 Coupe – 60,029 Miles Finished in Machine Silver Metallic over Ebony leather seating, this Corvette Z06 combines 7.0-liter V8 power, rear-wheel drive and a short-throw six-speed manual transmission. A ProCharger supercharger system and Corsa exhaust system add aftermarket performance hardware to its driver-focused Z06 setup. Power is delivered through a 6-speed manual transmission and a limited-slip rear differential with a 3.42 axle ratio. The ProCharger system adds forced induction to the V8, while the Corsa exhaust complements the engine upgrades. Factory Z06 equipment includes four-wheel independent suspension with transverse composite springs, specific shock absorbers, stiffer springs and stabilizer bars, plus engine-oil, axle and transmission coolers. Six-piston front and four-piston rear brake calipers work with cross-drilled rotors. Originally priced at $78,915 including shipping, this Z06 includes the $3,045 2LZ Preferred Equipment Group, $1,995 chrome aluminum Z06 wheels and $1,750 audio system with navigation. The ProCharger supercharger and Corsa exhaust are aftermarket additions to that factory configuration. The cabin features a head-up display, a power-adjustable driver seat, a memory package, dual-zone automatic climate control and an auto-dimming rearview mirror with compass. Navigation, keyless access with push-button start, a universal home remote and power windows add everyday convenience. Active Handling, traction control, four-wheel ABS and a tire-pressure monitoring system round out the equipment. For an enthusiast seeking a supercharged V8 coupe with three pedals, this Corvette brings together the Z06's dedicated chassis and braking hardware with ProCharger and Corsa upgrades.
