Dealer notes

This Escalade Limo electric golf cart is an incredibly unique, fully outfitted unit with excellent history—previously owned by a NASCAR driver (name disclosed to buyer for privacy)—and comes loaded with features that make it equally suited for street use, neighborhood cruising, business promotion, or special-event duty. Equipped with functioning headlights, turn signals, brake lights, and a full zip-on enclosure similar to a Jeep, it should qualify as an LSV or street-legal vehicle in many states and communities. Additional upgrades include a premium stereo system, tilt steering column reminiscent of a classic Squarebody truck, built-in front cooler, abundant storage, windshield, LED lighting, and selectable “turf” and “regular” drive modes for either golf-course friendliness or everyday street performance. Extremely cool from every angle and truly one of those “perfect gift for the person who has everything” vehicles, it’s also ideal for parades, business advertising, events, or simply riding in style anywhere you go.
