Dealer notes

Dodge Ram 3500 Crew Cab 4x4 utility work truck. This unit is equipped with an Reading enclosed utility body, dual rear wheels, and a Cummins turbo diesel under the hood. Fleet company owned since new, it shows the typical wear and tear expected from a commercially used vehicle. The rear bumper is twisted and dented, and the rear trailer hitch shows use; however, it has very decent tires all the way around. Features include four-wheel drive, power windows, power door locks, tilt steering, and cruise control. The interior is actually quite clean for a work truck, and the undercarriage is rust-free. We have ensured that the major safety items are in proper working order, including a fresh inspection and oil change. At this price point, no additional reconditioning has been performed; however, we would be happy to complete any further service, maintenance, or cosmetic upgrades at the buyer's expense. Price does not include \$0 processing fee
