Dealer notes

Here's a 1961 Austin-Healey 3000 Mark II finished in bright red with a black vinyl interior, riding on 15-inch chrome wire wheels. This 3000 is a running, driving project you can enjoy as-is or take to the next level. The paint, chrome, and stainless all show their flaws, giving you a blank canvas to make it your own. It comes with the top frame but will need a new canvas. Under the hood is a GM 4.3L V6 with an Edelbrock air cleaner, Holley carburetor, MSD ignition, and Mallory distributor, all paired with a manual transmission. Turn the key, and it's ready to drive. The undercarriage shows surface rust throughout so that some metalwork may be in order as part of the build. Inside, the interior is functional and ready for upgrades. A wood dash houses a full set of Auto Meter gauges to keep you on top of the car's performance. This is a true Austin-Healey 3000 with great potential.
