### Dealer notes

STATE CERTIFIED REBUILT TITLE – 2026 Chevrolet Blazer RS AWD – ONLY 3,886 Miles – ONE OWNER – Kansas Vehicle – Habanero Orange – 3.6L V6 This 2026 Chevrolet Blazer RS AWD is a nearly new, extremely low-mileage SUV with only 3,886 miles and ONE OWNER history. Finished in the head-turning Habanero Orange exterior over Jet Black with Red Accents, this RS has one of the boldest color combinations available and delivers the aggressive styling that makes the Blazer stand apart from the typical midsize SUV. Power comes from Chevrolet's 3.6L V6, paired with a 9-speed automatic transmission and All-Wheel Drive. This Blazer is also exceptionally well equipped with the Enhanced Convenience Package, Driver Confidence II Package, Adaptive Cruise Control, and a power panoramic tilt-sliding sunroof with power sunshade. Vehicle History & Condition This Blazer carries a State Certified Rebuilt Title due to a previous front-end collision. Previous Front-End Collision NO Structural Damage Professionally Repaired State Inspected & Certified ONE OWNER Kansas Vehicle Only 3,886 Miles Because of the rebuilt-title history, the original factory warranty is no longer valid. We want that disclosed clearly upfront so customers understand exactly what they are purchasing. Its Kansas history is another desirable characteristic for buyers looking for a vehicle that has not spent its entire life in the northern rust belt. Why This Vehicle Stands Out The combination of only 3,886 miles, ONE OWNER history, RS styling, V6 power, AWD, and its extensive option list makes this an especially desirable Blazer. The Habanero Orange exterior is the real centerpiece. Paired with the RS-specific styling and Jet Black/Red Accent interior, it gives this Blazer a much more distinctive appearance than the typical neutral-colored SUV. For someone comfortable with a State Certified Rebuilt Title, this is an opportunity to purchase an extremely low-mileage, highly optioned 2026 SUV at a substantial value. With approximately 308 horsepower, the Blazer has plenty of power for highway merging and passing while retaining the versatility expected from a midsize SUV. The AWD system can provide additional traction when conditions require it, making this an excellent year-round configuration. Pricing Disclosure A \$1,295 dealer preparation package including the CarChief Vehicle Locating System will be added to the purchase price. This vehicle carries a State Certified Rebuilt Title following a previous front-end collision. There was no structural damage, the vehicle has been repaired, and it has completed the required state inspection and certification process. Please note that due to its rebuilt-title history, the original manufacturer factory warranty is no longer valid. Its title history has been taken into consideration when pricing the vehicle, creating an opportunity for buyers comfortable with the disclosed history to purchase a 3,886-mile 2026 Blazer RS AWD at significant savings compared with comparable clean-title examples.
