If you're looking for a heavy-duty truck with serious capability but don't need the added cost of a diesel, this 2024 Chevrolet Silverado 2500HD High Country is an excellent combination of power, luxury, and value. Under the hood is Chevrolet's proven 6.6L gasoline V8, producing 401 horsepower and 464 lb-ft of torque, paired with the Allison 10-speed automatic transmission and 4WD. For 2024, Chevrolet paired the gas 6.6L with the Allison-branded 10-speed, giving this truck a much better spread of gearing for towing, hauling, and everyday driving. With just 43,652 miles, a Clean CARFAX with No Accidents, and the top-level comfort of the High Country trim, this is a heavy-duty truck you can work during the week and comfortably drive every day. 6.6L Gas V8 Performance & Capability- 6.6L Gasoline V8- 401 Horsepower- 464 lb-ft of Torque- Allison 10-Speed Automatic Transmission- 4WD- Heavy-Duty 2500HD Chassis- Strong Low-End Power- Excellent Towing & Hauling Capability- Heavy-Duty Suspension- Trailer Sway Control- Four-Wheel Disc Brakes The gas 6.6L is a great option for someone who wants 2500HD capability without the additional purchase price, emissions equipment, and maintenance associated with a modern diesel.
