Dealer notes

1985 Chevrolet K10 4x4 Squarebody Pickup Truck. This single cab, long bed pickup is lifted approximately 8½ inches and sits on 35-inch Super Swamper Boggers mounted on 16-inch-wide wheels. The body and paint work on this rust-free truck are laser straight and absolutely show quality. A paint finish to this level in today's market would easily cost \$20,000 alone. It is darn near impossible to make black paint look this slick and perfect. Upgrades include dual shocks at all four corners, a dual steering stabilizer system, aluminum finned differential covers, a 1989-1991 front headlight grille and radiator support conversion, Lund windshield visor, steel cowl induction hood, custom door panels and headliner, a smooth tailgate with the handle frenched to the inside, dark tinted windows, a rear sliding window, and a tilt steering column. Power comes from a small block V8 equipped with long-tube coated headers and a custom Flowmaster exhaust system. Additional features include a rear roll pan, and the list goes on. As with any truck we sell, we would be happy to perform additional upgrades or swap out the tires and wheels to better suit your preferences; whether that means something taller, skinnier, or an entirely different look. There are a ton of options available. This unit was previously owned by the same owner for more than 35 years, was garage kept, and was essentially used as a show truck. Call with any questions or to schedule a viewing. Be sure to check out our website for our extensive inventory of bucket trucks, tow trucks, box trucks, utility trucks, custom builds, gas and diesel lifted vehicles, and haulers. Davis 4x4.
