Exterior colour: Lunar White
Interior colour: Graphite
Body type: SUV
Fuel economy: — city / — highway MPG
Dealer: CarLux, Waukegan, IL 60085
Dealer phone: 847-999-3988

Dealer notes

2022 Infiniti QX50 Luxe — Luxury Without Compromise, Performance Without Limits Some vehicles get you from point A to point B. The 2022 Infiniti QX50 Luxe makes you never want to arrive. Under the hood lies a groundbreaking 2.0L VC-Turbo engine — the world's first production variable compression ratio engine — delivering a remarkable 268 horsepower and seamlessly adapting between maximum power and peak efficiency in real time. Paired with a smooth-shifting CVT transmission and all-wheel drive, this SUV launches from 0–60 mph in just 6.3 seconds with a sophistication and refinement that is unmistakably Infiniti. This is not just an SUV — this is a statement about who you are, where you're going, and exactly how you intend to get there. Open the door and prepare to be genuinely impressed. The QX50 Luxe cabin is a masterclass in luxury design — wrapped in semi-aniline leather seating, real open-pore wood trim, and soft-touch surfaces that feel as premium as vehicles costing twice the price. Heated and ventilated front seats, a panoramic moonroof that stretches the length of the cabin, and available massaging front seats turn even the longest commute into a first-class escape. The driver-centric cockpit puts every control exactly where your hands naturally fall, while generous rear passenger legroom — best in class for its segment — ensures that nobody in this vehicle ever feels like an afterthought. This is where the QX50 Luxe truly leaves the competition behind. A stunning 8-inch touchscreen infotainment system paired with a second 7-inch display for climate and vehicle controls creates a cockpit experience that feels effortlessly futuristic. The available Bose Performance Series 16-speaker audio system doesn't just play music — it performs it. Infiniti's ProPILOT Assist takes the stress out of highway driving with intelligent steering, braking, and acceleration support, while a comprehensive suite of safety technologies including blind-spot intervention, rear automatic braking, and a around-view monitor keep you protected from every angle. At this price, this level of luxury, technology, and performance is an opportunity that serious buyers simply cannot afford to overlook — come see it before it's gone.
