Dealer notes

2008 Ford F350 Superduty Utility Work Truck. This van has a fiberglass utility body so it will never rust, rear receiver Pinto hitch, dual rear wheel dually, excellent running driving operating vehicle, was originally a bucket truck but the bucket and part of the mast has been removed. It could possibly be put back with some effort or just remove that item or maybe even convert it to a crane, nice aluminum ladder and material hold down rack system, towing mirrors, freshly serviced and inspected for Virginia with a safety check done as well, center console two bucket seats, trailer brake control system and auxiliary switches. This is overall a clean and definitely ready to put to work truck.
