Dealer notes

4.6ltr EFI V-8 engine, 4 speed automatic transmission, A/C and heater are in working order. Standard Ford steel wheels with center caps, like new rubber all around. This vehicle rides and drives well. There is a engine code of P0308 (#8 cylinder misfire), a easy fix. We do not work on our vehicles here, this is why they are sold AS - IS condition. If this sounds like something you may be interested in, come on in for a closer look and a test ride. This may be what you\'re looking for. Price does not include $0 processing fee
