Fuel economy: — city / — highway MPG
Dealer: Zoom Classic Cars, North Haledo, NJ 07508
Dealer phone: 844-496-6622

Dealer notes

***Vehicle Located in MA - Take a look at this beautiful 1970 Chevrolet Corvette LT1 Coupe brought to you by Zoom Classic Cars. Owned for the last 35 years by a lifelong mechanic, race engine builder and Corvette enthusiast, this T-Top Vette features the original LT1 high performance package with 350CI/370HP, engine Code CTK, coupled with a 4 speed M-21 close ratio transmission. Numbers on the engine block were machined off over 30 years ago but there are codes on the back of the engine which indicate it being an LT1. Block Casting Date is F30 – June 3, 1970. Build Date July 16, 1970. Owner/Professional Race Engine builder decked the block himself (when numbers on the block really didn't mean much) to cut the block to zero so that the deck would be at the same height as the pistons, each combustion chamber identical to get the maximum performance out of the engine. Engine was balanced and blueprinted. Brand new clutch installed in early 2022. Optional front and rear sway bars for better handling and 75,600 original miles. Very desirable Bridgehampton Blue color was repainted 35 years ago and with the exception of some very minor nicks & scratches as shown looks remarkable. Original glass all around in great condition. All original interior with Black leather seats that show some wear but are in good condition with no rips or tears. Full instrument gauges including tach and clock, tilt wheel and factory AM/FM radio. Factory LT-1 Door panels with wood trim and carpeting. The owner has made some minor modifications to improve the ride and swapped out the 4.11 rear-end for a smoother driving 3.55 rear-end. He has the original rear-end and it will go with the sale. Bilstein shocks smooth out the ride further. The owner also liked the look of the L88 hood so he replaced the original hood but kept it and had it painted at the same time as the car repaint 35 years ago so new owner can re-install if desired. This Corvette is not a trailer queen but an excellent driver and absolutely everything works on the car, all gauges, vacuum headlights, wipers as they should. Clean undercarriage with dual exhaust that sounds great. Optional factory chrome luggage rack in excellent condition. Car rides on newer BF Goodrich Radial TAs mounted on the original corvette rally wheels. Car is stored in MA and comes with car cover. See the LT-1 feature article in the Corvette Magazine April 2025 Edition attached. If you are looking for 70 Vette in outstanding mechanical condition that looks great and drives 100%, then give Jeff a call to arrange a viewing to see this fantastic vehicle. Price Improved! Thanks for looking. Price does not include \$0 processing fee
