### Dealer notes

1987 Suzuki Samurai Custom Offroad Crawler. To say this Samurai is one of a kind would be an understatement. Its not very often you see this so heavily customized. This one came to us from a great repeat customer out of West Virginia. So it was primarily used in places like the Hatfield McCoy Trails and surrounding offroad parks. It has true beadlock wheels and 35inch mud terrain tires that look absolutely massive. It has a custom rear long travel suspension with fox shocks in the rear and Bilstein shocks up front. Other modifications include custom bumpers, winch, tons on LEDs, Differential covers and more. It has a 1.6 Liter Tracker Motor, Rocky ridge harness and trans adapter, a new clutch, 4.16.1 Tcase Gears, 5.29 Gears in the rear with spool front locker, long field chromo 27 spline axles, FJ40 Rotors, solid axle with IFS Hubs. Please know that this unit is sold AS-IS and is not an on-road vehicle. With that being said, We do have a clean Virginia title.
