Dealer notes

Mountain Motors LLC has a wide selection of exceptional pre-owned vehicles to choose from, including this 2012 Ram 1500. Low, low mileage coupled with an exacting maintenance program make this vehicle a rare find. Driven by many, but adored by more, the Ram 1500 Big Horn is a perfect addition to any home. Surprising quality accompanied by a high level of performance...this Saddle Brown Pearlcoat on Bark Brown/Light Pebble Beige Ram 1500 Big Horn could end up being the perfect match for you. More information about the 2012 Ram 1500: The Ram stands out compared to other full-size pickups because of its well-engineered coil-spring rear suspension system, which allows a smoother ride compared to pickups with leaf springs, while permitting hauling and towing ratings comparable to those rival models. Its Hemi V8 engine is also one of the strongest options for half-ton truck shoppers, and it returns up to 20 mpg. Chrysler says that the Ram 1500 is the first truck in its segment to offer a solution known as the RamBox, that offers flexible storage bed-side--including a removable liner--and that it's the first truck in this class with available surround-sound audio. R/T models, with their Hemi V8 and shorter axle ratio, are also among the quickest pickups, with 0-60 mph in 6.1 seconds. Also, according to Chrysler, the new Ram 1500 Tradesman HD tops all other half-ton pickups with its trailer and payload ratings. Interesting features of this model are full luxury interior in upper trims, Strong Hemi V8, innovative RamBox bed-side storage, coil-spring rear suspension for a better ride, and stylish, macho appearance
