Dealer notes

This 1972 Ford Mustang Mach 1 comes. finished in Bright Blue Metallic, a black and set on a set of 15" American Racing wheels that give it an assertive stance. The paint presents as solid driver quality, with a pleasing shine and minor imperfections that will need a close-up to spot. Restoration pics will come with this Mustang. Originally equipped as a true Mach 1 with a 351 2V, it has since been transformed into a far more serious performer thanks to a 500HP 408 Street Fighter Stroker V8. The build features AFR Outlaw Race Heads, a 351W Performer Air Gap intake, a Holley 750CFM carburetor, a Mallory distributor, and an MSD spark controller, creating a powerplant that delivers thrilling acceleration and a deep, confident exhaust note. Power is routed through an FMX automatic transmission to a 3.73 rear axle. The interior keeps its early 70s' charm, with clean carpets, door panels, and headliner, plus an upgraded AM/FM cassette tucked into the stock dash. The driver's seat shows light wear, but the cabin overall feels well cared for. This Mach 1 looks every bit the part of a classic Mustang, yet the moment you hit the throttle, its modern performance upgrades take over. It's a sharp, powerful, and endlessly fun muscle car built to be driven and enjoyed.
