Dealer: Davis Auto Sales, Richmond, Virginia 23237
Dealer phone: (804) 271-0030

Dealer notes

Chevrolet Scottsdale K10/K30 short-bed lifted Squarebody. This truck is sitting on 12 inches of suspension lift with an original first-generation set of 39x18.50x16.5 Mickey Thompson Baja tires in near-new condition, mounted on a set of 14-wide Alcoa-style alloy wheels (we also have a Bogger wheel and tire package available). It is equipped with one-ton axles, including a Dana 60 front and a Corporate 14-bolt rear with a disc brake conversion. This truck features crossover steering, a track bar system, Superlift suspension, dual steering stabilizers, and one of the coolest front-end setups with marker lights integrated into the bumper. Overall, the truck is very solid underneath and in body condition, finished in a burnt orange/bronze color, with most "if not all" of the paint appearing to be original. We have outfitted it with a retro-style radio system with Bluetooth, serviced and inspected the truck, and completed several upgrades. It has a well-built small block that sounds great and runs strong; everyone who has driven it has commented on how well it performs. It also features a custom Flowmaster dual exhaust and a fully coated undercarriage with a very clean appearance. Overall, this truck has a great stance, a lot of excellent upgrades and improvements, and we would be happy to take it even further to suit anyone's preferences. Price does not include \$0 processing fee
