Dealer notes

F40 Motorsports is proud to be offering this truly special 1974 Ferrari Dino 246 GTS a Factory flared fender version with Campagnolo wheels, Daytona Seats, Power Windows and A/C. This Dino is a very late 1974 believed to be the 34th-to-last example built, making it exceptionally rare and desirable. Chassis S/N 08452 is finished in the stunning and understated Grigio Ferro (only 35 in this color), a distinctive period Ferrari color that beautifully complements the Dino's timeless lines. This example is equipped with the highly sought-after Chairs & Flares configuration, produced in very limited numbers—with fewer than 150 examples believed to have been built. With Complete history and only 19,000 miles, this Dino presents a rare combination of low mileage, exceptional specification, and late-production significance. The combination of its Chairs & Flares configuration, Grigio Ferro paint, late-production chassis number, and remarkably low mileage makes S/N 08452 a particularly compelling example for the serious Ferrari enthusiast and collector. Matthias Report, Records, Books, Tools, Spare, Jack, and Wheel Chock are all included with this truly remarkable Dino. Price does not include \$0 processing fee
