Dealer notes

Chevrolet Tahoe Lifted SEMA Build. This fully over-the-top custom Tahoe is a lifted beast, riding on massive 37x26 Fury tires wrapped around XF Forged wheels. It features a Fox coilover suspension setup with rear bypass reservoir shocks, along with a large custom reinforced drop hitch, power folding hideaway retractable steps, and a fully blacked-out exterior. Additional exterior upgrades include a custom bumper, Cadillac Escalade taillights, dark tinted windows, smoked headlights, and a custom grille—this build does not stop on the outside. The interior is just as impressive, showcasing a fully customized setup with a starlight headliner, custom leather upholstery, and a full tailgating-style rear entertainment system complete with TV, custom amp racks, and subwoofers—you name it, it's got it. This Tahoe has appeared on multiple television shows, gained significant online attention, and was featured at SEMA, the world's largest automotive event in Las Vegas. This is not only a show-quality vehicle, but also a practical everyday SUV. Addressing a known weak point of these trucks, the transmission has been replaced, and the vehicle has been freshly serviced and inspected. Price does not include \$0 processing fee
