Dealer notes

2025 LOTUS EMIRA V6 | 6-SPEED MANUAL | 400 HP SUPERCHARGED V6 | MID-ENGINE | ONLY 1,704 MILES Topline Auto Group is proud to present this stunning 2025 Lotus Emira V6 Coupe, finished in an elegant Gray exterior over a sophisticated Black leather interior. Representing the evolution of Lotus's legendary sports car heritage, the Emira combines breathtaking exotic styling, lightweight-focused engineering, and exceptional driver engagement in a beautifully sculpted mid-engine sports car. At the heart of this remarkable machine sits a 3.5-liter supercharged V6 producing 400 factory horsepower, paired with the highly desirable 6-speed manual transmission and rear-wheel drive. Unlike many modern performance cars that prioritize automatic transmissions, the manual Emira offers an authentic connection between driver and machine. Its traditional three-pedal configuration, precise gear changes, responsive steering, and exhilarating supercharged V6 soundtrack deliver an exceptionally engaging driving experience. Engineered around Lotus's renowned bonded aluminum chassis architecture, the Emira delivers exceptional handling precision and chassis responsiveness. Its mid-engine configuration provides outstanding balance, while the double-wishbone suspension and electrohydraulic power-assisted steering preserve the direct road feedback that has made Lotus sports cars legendary. The elegant Gray exterior highlights the Emira's sculpted aerodynamic bodywork, aggressive front fascia, distinctive side air intakes, muscular rear haunches, and sleek coupe proportions. Its exotic design creates an unmistakable presence from every angle. Inside, the Black leather cabin combines traditional Lotus driver-focused ergonomics with modern luxury and technology. Supportive sport seats, digital instrumentation, and a contemporary infotainment system create a refined environment without sacrificing the vehicle's performance-oriented character. Desirable equipment advertised for this example includes heated leather seating, power-adjustable seats with memory, navigation, Apple CarPlay, Android Auto, Bluetooth connectivity, and a rearview camera. The Emira further benefits from performance-oriented braking hardware, advanced stability control, and precision suspension engineering designed to complement its exceptional driving dynamics. With its 400-horsepower supercharged V6, coveted 6-speed manual transmission, exotic mid-engine styling, and only 1,704 listed miles, this Lotus Emira represents an outstanding opportunity for driving enthusiasts seeking one of the last great traditional Lotus sports cars.
