Dealer notes

CLEAN TITLE, ONE OWNER, CLEAN CARFAX, SERVICE BODY, 2015 Ford F-450 Super Duty Chassis Cab | 6.8L Triton® V10 GAS | 362 HP | Heavy-Duty Commercial Truck The 2015 Ford F-450 Super Duty Gas is a heavy-duty chassis cab built for demanding commercial applications. The gasoline F-450 uses Ford's proven 6.8L Triton 3-valve V10, producing 362 horsepower and 457 lb-ft of torque. Ford offered the F-450 chassis cab in Regular Cab, SuperCab and Crew Cab configurations, with 4x2 or 4x4 depending on configuration. Device Report CLEAN TITLE • GREAT SERVICE RECORDS ON CARFAX Performance & Capability 6.8L Triton® 3-Valve SOHC V10 GAS Engine 362 Horsepower @ 4,750 RPM 457 lb-ft of Torque @ 3,250 RPM Regular Unleaded Gasoline Heavy-Duty Automatic Transmission Dual Rear Wheels (DRW / Dually) Commercial-Grade 19.5-inch Wheels Heavy-Duty Full-Floating Rear Axle Four-Wheel Disc Brakes Heavy-Duty Suspension Available 4x4 Available PTO Provision Available CNG/LPG Gaseous Engine Prep Package Ford specifically lists the 6.8L V10 as the standard gasoline engine for 2015 F-450/F-550 chassis cab models. Device Report Heavy-Duty Towing & Payload The 2015 F-450 chassis cab platform was engineered for serious commercial loads. Ford published maximum F-450 chassis-cab capabilities of up to approximately 16,000 lbs conventional towing, 21,600 lbs fifth-wheel towing, 9,945 lbs payload and 16,500 lbs GVWR, depending on configuration and equipment. Device Report Because chassis-cab trucks are commonly fitted with service bodies, flatbeds, dump bodies, utility bodies or other commercial equipment, the actual payload and towing capacity of an individual truck must account for the installed body and equipment. 6.8L Triton V10 Gas Advantage For buyers who prefer a heavy-duty truck without a diesel engine, the 6.8L Triton V10 is an attractive option. Its 457 lb-ft of torque provides strong pulling capability while avoiding diesel-specific fuel and emissions systems. Device Report The F-450 chassis is an excellent foundation for: Service / Utility Truck Contractor Truck Flatbed Dump Body Mechanic Truck Construction Truck Landscape Truck Welding Truck Equipment & Material Hauling Commercial Fleet Operations Commercial-Grade F-450 The F-450 chassis cab was designed specifically for upfits and demanding commercial duty. Ford equipped these trucks with features such as factory upfitter switches, heavy-duty towing mirrors and commercial chassis components, making them well suited for specialized work bodies and equipment.
