STATE CERTIFIED REBUILT TITLE – BUILT-TO-SERVE EDITION – 5.7L HEMI eTORQUE – BIG HORN LEVEL 2 – 12" UCONNECT – 4X4 – 2021 Ram 1500 Big Horn Stand out from the ordinary with this striking 2021 Ram 1500 Big Horn 4x4 Crew Cab Built-to-Serve Edition, finished in bold Flame Red Clearcoat over a sleek Black interior. This is not your average Big Horn—the desirable Built-to-Serve Edition, Big Horn Level 2 Equipment Group, premium audio, massive 12-inch Uconnect touchscreen, and legendary 5.7L HEMI V8 eTorque make this an exceptionally well-equipped truck. We recently acquired this Ram as a trade-in. It carries a State Certified Rebuilt Title following front-end damage in December 2024 at approximately 48,000 miles. The damage was on the lighter side, with no frame damage and no airbag deployment. One of the strongest points about its history is that the truck was repaired and then continued to be driven afterward, giving its previous owner real-world time and mileage with the completed repairs. It presents beautifully today and is a great opportunity for someone who wants a loaded HEMI 4x4 while taking advantage of the savings associated with its title history.
