Dealer notes

The 2018 Chevrolet Suburban Premier 4WD arrives with no accidents reported on CARFAX, one owner since new, and a documented service history, the kind of clean background that matters when a single vehicle is responsible for moving your entire family and everything they bring with them. The 5.3L EcoTec3 V8 with Active Fuel Management, Direct Injection, and Variable Valve Timing channels power through a two-speed electronic AutoTrac transfer case and the Max Trailering Package, which means this Suburban pulls a boat or a camper with the same composure it shows on a school run, and the external heavy-duty engine oil cooler tells you it was engineered to keep doing that for the long haul. Silver Ice Metallic over Jet Black, with active front aero shutters, HID headlamps, and chrome-accented roof rails, this RST Edition Premier looks every bit as capable as it actually is. Climb into the Jet Black interior and the Premier trim with the RST Edition makes the case immediately. The Bose Centerpoint Surround Sound 10-speaker premium system fills three rows with the kind of clarity that turns a long road trip into something everyone actually enjoys, while the rear seat Blu-Ray entertainment system from the Sun, Entertainment and Destinations Package keeps the back rows occupied for the entire drive. A power tilt-sliding sunroof, tri-zone climate control with rear A/C, heated power-folding mirrors with auto-dimming and ground illumination, a hands-free power liftgate, and a cargo management system mean every member of the family gets their own version of comfortable, and loading groceries or luggage stops being a negotiation. WiFi hotspot, satellite radio, HD Radio, smart device integration, and a premium sound system keep everyone connected across long Midwest drives, while the proven durability of the EcoTec3 V8 platform and AutoTrac 4WD system give this Suburban the kind of long-term confidence that three-row buyers specifically look for. A one-owner Suburban Premier RST with full service history, this much standard luxury, and genuine 4WD towing capability at this mileage is a combination that experienced family-hauler shoppers recognize as rare the moment they see it. Come see it at Carlux in Waukegan and find out what room for everyone actually feels like across Chicagoland.
