Body type: Coupe
Fuel economy: — city / — highway MPG
Dealer: Supreme Motors, Costa Mesa, CA 92627
Dealer phone: 949-288-6898

Dealer notes

The 2014 Cadillac ELR combines striking coupe styling, premium craftsmanship and innovative plug-in technology in one distinctive package. With its sculpted bodywork, dramatic roofline and signature vertical lighting, the ELR brings concept-car presence to everyday driving while delivering the quiet, responsive character of electric propulsion. What makes the ELR especially appealing is its ability to combine electric commuting with the convenience of gasoline-powered travel. Its 16.5-kWh lithium-ion battery provides an originally rated 37 miles of all-electric range, while a full charge and full tank of gasoline deliver an originally rated 340 miles of total driving range. When battery charge runs low, the onboard 1.4-liter gasoline range extender allows you to continue your journey without stopping to recharge. Actual range varies with battery condition, temperature, terrain and driving habits. With 295 lb-ft of torque, the ELR delivers smooth, confident acceleration and responsive passing power. Cadillac published 0–60 mph estimates of 8.8 seconds in electric mode and 7.8 seconds in range-extending mode, along with a 106-mph top speed. Original EPA efficiency ratings were 82 MPGe in electric operation and 33 mpg combined when operating on gasoline, making this Cadillac an attractive choice for buyers seeking luxury with everyday efficiency. The ELR's sophistication extends beyond its powertrain. Continuous Damping Control helps balance ride comfort with composed handling, while steering-wheel-mounted Regen on Demand paddles let the driver recover energy during deceleration. Inside, the four-passenger cabin pairs rich materials with Cadillac CUE navigation and premium Bose audio, creating an inviting environment worthy of its distinctive exterior. This CARFAX-certified three-owner example has accidents or damage reported to CARFAX and has spent its entire life in Southern California, where the generally mild climate is favorable for vehicle preservation. Its outstanding condition and history of regular servicing, mostly at authorized Cadillac retailers, reflect the care and attention it has received from its previous owners. For buyers drawn to distinctive design, innovative engineering and potential future-classic appeal, this ELR offers a compelling opportunity.
