Dealer notes

The 2010 Maserati GranTurismo is widely regarded as one of the most beautiful grand touring coupes ever produced. Penned by the legendary Pininfarina design house, its timeless proportions, sculpted bodywork, and unmistakable Italian character have allowed it to age gracefully, remaining every bit as captivating today as when it first debuted. Beneath its elegant exterior lies a Ferrari-built naturally aspirated V8 that delivers not only exhilarating performance but also one of the most celebrated exhaust notes in the automotive world. Smooth, refined, and effortlessly powerful, the GranTurismo was engineered to devour long stretches of highway while surrounding its occupants in handcrafted Italian luxury. This Carfax Certified one-owner example has a clean history with no accidents or damage reported or detectable. It has spent its entire life between Long Island, New York and South Florida, and based on the remarkably clean condition of its undercarriage, it appears to have never been driven in snow or harsh winter conditions. That level of preservation comes as no surprise given its exceptionally low mileage and the obvious care it has received throughout its life. Inside, this GranTurismo is appointed with an exceptionally rare and sophisticated full-grain Brown Nappa leather interior that beautifully complements the car's elegant styling. The cabin showcases the craftsmanship Maserati became known for during this era, with premium materials, comfortable seating for four adults, and an inviting atmosphere designed for effortless long-distance touring. Equally impressive is this Maserati's maintenance history. It has been serviced extensively by authorized Ferrari and Maserati dealerships, reflecting the meticulous ownership of its original caretaker. From both a cosmetic and mechanical standpoint, this GranTurismo presents as a vehicle that has been carefully preserved rather than simply driven, making it an outstanding example for the enthusiast seeking a properly maintained Italian grand tourer. Power comes from Maserati's Ferrari-built 4.7-liter naturally aspirated V8, producing an exhilarating soundtrack that enthusiasts consistently rank among the finest ever fitted to a production automobile. The engine delivers effortless acceleration, razor-sharp throttle response, and a driving experience that has become increasingly rare in today's era of turbocharged performance cars. Combined with beautifully balanced chassis dynamics, communicative steering, and true grand touring comfort, the GranTurismo remains one of the most rewarding luxury performance coupes of its generation. Whether you're adding to a collection or searching for a timeless Italian GT that can be enjoyed on weekend drives or cross-country adventures, this exceptionally well-preserved one-owner GranTurismo represents an outstanding opportunity to own one of Maserati's most iconic modern classics. Shipping, Financing & Protection Plans Supreme Motors offers financing assistance for qualified buyers and regularly arranges nationwide vehicle transportation.
