Dealer notes

2012 Ford F-650 Super Duty Diesel Dump Truck. Extremely low mileage with just 10,000 actual miles! This non-CDL dump truck is powered by a Cummins turbo-diesel engine paired with an automatic transmission and features a 10-foot contractor-style dump body with 2-foot metal sides. Additional equipment includes a rear hitch, Goodyear tires all the way around with 22.5-inch wheels and Load Range G tires, a power tarp system, and a Muncie PTO system. It is also equipped with snowplow and spreader controls, wiring, and hydraulics. This truck has been freshly serviced and inspected and is remarkably clean for its age, with excellent cosmetic condition throughout the body and interior. The dump bed does have typical rust consistent with its previous use, as expected for this type of work truck. With its exceptionally low mileage and contractor-ready equipment, this unit would make an excellent asphalt truck or versatile work truck for a variety of commercial applications. Ready to put to work immediately! Price does not include $0 processing fee
